| | | | <hr/> |
| Town farm expenses | | | \$863 58 |
| Unexpended, 1908 | | | \$397 68 |
| Appropriated, 1909 | | | 1,500 00 |
| | | | <hr/> |
| | | | \$1,897 68 |
| Partial support | | | 808 24 |
| | | | <hr/> |
| Total cost of poor | | | \$1,671 82 |
| Unexpended | | | \$225 86 |
| Due the town from the estate of Celia Tobey | | | \$217 21 |

You will notice that our partial support is larger than usual. The state took the support of the insane from the

towns January, 1910, so that we shall be relieved of their support in the future.

The town farm has been in charge of Mr. and Mrs. Geo. Carter the past year, and we are pleased to say that we have found them faithful in the discharge of their duties, and as you will see they have been economical in the expenses.

DELINQUENT TAX PAYERS.

CHAPTER 166.

An Act for the Better Collection of Taxes.

Be it enacted, etc. :

That on and after January first, nineteen hundred and eight, all municipal officers of cities and towns in making out their yearly report shall cause to be printed in said report the names and amounts of all delinquent tax payers which have been committed to the treasurer or collector for collection.

The failure for non-performance of this duty shall be not less than five dollars nor more than twenty-five dollars.

Approved March 27th.

Respectfully submitted,

JAMES R. PHILBRICK,
FRANKLIN HALEY,
J. C. CUTTS,

Selectmen, Assessors and Overseers of the Poor.

I hereby certify that I have examined the books of the selectmen and find them correct.

FRED M. STACY, *Auditor.*

Treasurer's Report.

To the Citizens of the Town of Kittery:—

As required by Section 3 of the Revised Statutes of 1883, I have the honor to submit my annual report of the financial condition of the town for the year ending February 11, 1910.

MARRIAGES.

1909.

March 10, in Kittery, by Rev. E. H. Macy, Bernard J. Parrott of Kittery, and Bertha M. Nelson, of Worcester, Mass.

April 26, in Portsmouth, by Rev. I. F. Barnes, Roscoe T. Williams, of Kittery, and Juanita H. Dow, of Portsmouth.

May 24, in Portsmouth, by Rev. George E. Leighton, Chas. A. Chapman and Annie F. Hanscom, both of Kittery.

June 3, in Kittery, by Rev. E. H. Macy, Ralph L. Lutts, of Kittery, and Fae G. Lutts, of Grafton, Mass.

June 16, in Portsmouth, by Rev. Chas. leV. Brine, Louis W. Parady, of Whitingham, Vt., and Florence E. Austin, of Kittery Point.

June 21, in Orono, Me., by Rev. G. C. Howard, Chas. C. Andrews, of Portsmouth, and Ethel F. Williams, of Kittery.

June 23, in Kittery, by Rev. E. H. Macy, Howard G. Keen and Mae R. Perkins, both of Kittery.

June 23, in Kittery, by Rev. Daniel Onstott, Charles S. Segee and Ethel A. Cobb, both of Kittery.

July 10, in Old Orchard, Me., by Rev. Sylvester Hooper, Charles E. Prince and Edna A. Bicknell, both of Kittery.

Sept. 1, in Kittery, by Rev. E. H. Macy, Guy W. Amee and Bessie E. Manson, both of Kittery.

Sept. 10, in Kittery, by Rev. E. H. Macy, Elmer J. Burnham, of Kittery, and Mabel W. Guptill, of Pine Point, Me.

Sept. 14, in Kittery, by Rev. E. H. Macy, Charles A. Manson and Effie E. Walker, both of Kittery.

Sept. 15, in South Berwick, Me., by Rev. D. J. O'Brine, Clarence M. Picott, of Kittery, and Anna M. Kehoe, of Auburn, N. Y.

Sept. 18, in Kittery, by Rev. Geo. E. Leighton, Ralph D. Wade, of Bridgeport, Conn., and Eva B. Chesley, of Kittery.

Oct. 4, in Kittery, by Rev. Daniel Onstott, Leroy M. Carman, of Bangor, Me., and Anna P. Canney, of Kittery.

Oct. 13, in Kittery, by Rev. E. H. Macy, Clarence P. Spinney, of Pheppsburg, Me., and Ada T. Malcolm, of Bath, Me.

Oct. 14, in Kittery, by Rev. James Merry, Claude R. Colby and Catharine S. Manson, both of Kittery.

Nov. 24, in Kittery, by Rev. E. H. Macy, Joseph L. Serrell and Ethel G. Bunker, both of Kittery.

Nov. 24, in Kittery, by Rev. E. H. Macy, Chester A. Caswell, of Portsmouth, and Cicely A. Webber, of Kittery.

Nov. 27, in Dover, N. H., by Rev. Charles F. Potter, Warren F. Tobey, of York, Me., and Edith M. Bridges, of Kittery.

1910.

Jan. 19, in Kittery, by Rev. E. H. Macy, Leon E. French and Lillias C. Gibson, both of Kittery.

Jan. 19, in Kittery, by Rev. Daniel Onstott, James D. Plaisted and Annie M. Fernald, both of Kittery.

Feb. 1, in Kittery, by Rev. Daniel Onstott, Harry E. Moulton and Gladys E. Goodwin, both of Kittery.

Respectfully submitted,

CLARENCE M. PRINCE,

Town Clerk.

Report of Superintendent of Schools.

To the Citizens of the Town of Kittery:—

I herewith submit my report on the public schools for the fiscal year.

| | |
|---|------------|
| Whole number of persons of school age on | |
| April 1st, 1909 | 716 |
| Whole number of pupils enrolled in schools | |
| during past year, | 436 |
| Number of weeks in school year | 36 |
| (School year will end March 11, 1910) | |
| Total fund available for public schools, exclu- | |
| sive of high school, for the year | \$7,792 73 |

SCHOOL BUILDINGS.

The improvement in the system of instruction for the education of the boys and girls of the town is a matter which demands more thought and attention and is viewed with greater concern each succeeding year. To meet the demands for better and more sanitary school buildings your committee have endeavored to expend to the best possible advantage the sums of money appropriated at the last annual meeting.

Two of the most important and beneficial improvements in school buildings are the erection of a modern two-room building at Spruce Creek and the installation of heating and ventilating and sanitary system at the Austin school.

THE NEW BUILDING.

At the last annual town meeting the sum of \$5,000 was appropriated for the erection of a two-room building at Spruce Creek to accommodate the pupils now attending the Shapleigh and Fernald schools.

Several different lots were under consideration but it was finally decided to purchase the lot offered by Mr. Augustus Stevenson for the sum of \$375.00. This lot consists of two acres on a high elevation overlooking miles of country, and affording the best playgrounds of any lot in town.

The contract for building the school house was awarded to Mr. Frank E. Donnell, the lowest bidder, for the sum of \$4,288. The building has a large airy basement and two light pleasant rooms. The Fuller and Warren system of heating and ventilating is installed in the building.

THE AUSTIN SCHOOL.

At the Austin school the Fuller and Warren system of heating and ventilating has been installed in place of the old method of heating with stoves which has proved inadequate in the past. The new system is working fine and is in every way satisfactory. Toilet rooms have been built in the basement with running water and a sewer to the river, thus eliminating any possibility of further trouble on account of unsanitary conditions at this building.

The lot recently purchased from Mr. Charles Duncan has been levelled and graded making a fine playground for the pupils. Much of the material taken from the cellar excavated for the heating plant has been put in front of the building, thus raising the level of the yard and affording a much better approach to the building.

SCHOOL BUILDINGS IN GENERAL.

All of the school buildings received a thorough cleaning during the summer vacation and minor repairs have been made when found necessary during the year.

Most of the buildings are in excellent condition at the present time. At the Dennett, a new floor is needed. If the building was divided into two rooms better work could be done by both the principal and assistant as the care of the

little ones could be looked after by the assistant at all times and the work of the principal would be lessened, thus enabling him to devote more attention to the advanced pupils.

At the Safford school, the attendance has fallen off somewhat, and under the present conditions it would seem to be beneficial to transport the pupils to the Mitchell school and close that building for a time at least.

Only slight expenditures have been necessary at the Mitchell school during the year, but it is very necessary that the grounds should be fenced in and the lot properly graded. The need of storm windows has been evident during the coldest weather.

At the Wentworth school new curtains have been provided for the intermediate room and other repairs made when needed.

At this school the lack of sufficient room for play grounds is a source of much annoyance, but the teachers have exercised such care that the complaints have been few.

INSTRUCTION AND TEXT BOOKS.

The course of study in use the previous year has been followed as a general guide for this year's work, with some changes by the addition of new text books. A course of study prepared by Mr. Dennett, and revised to include new text books introduced, is in readiness to be placed in the schools if it is found to be better than the present course.

During the year the Teachers' Association has held monthly meetings, which has afforded an opportunity for the teachers to exchange ideas and become more familiar with the work each was doing. At several of the meetings interesting papers, taking up the different subjects taught, have been read by different teachers.

Several of the teachers attended the State Teachers' Association meeting, at Lewiston, and the York County Teachers' Association meeting, at Old Orchard.

On January 28th an institute, under the auspices of the Southern York County Teachers' Association, comprising the towns of Eliot, Kittery, York and South Berwick, was held at Traipe Academy. There was a large attendance of teachers and others interested in educational work.

Following is the programe :

AFTERNOON SESSION.

- 2 :30. MUSIC.
- 2 :40. ADDRESS,—Payson Smith, State Superintendent of Schools.
- 3 :10. ADDRESS,—Walter D. Russell, Principal of Gorham Normal School.
- 3 :25. NUMBER WORK IN THE FIRST THREE GRADES,—Mrs. Pearle E. Pettigrew Chick, Kittery.
- 3 :40. COMMERCIAL GEOGRAPHY,—Mrs. Mary F. Baker, York.
- 3 :55. MUSIC.
- 4 :00. BUSINESS.
- 4 :10. MEMORY CULTIVATION IN LOWER GRADES, — Miss Geneva Pike, York.
- 4 :25. ENGLISH IN COMMON SCHOOLS,—Supt. J. A. McDougall, Portsmouth, N. H.

EVENING SESSION.

- 7 :30. MUSIC.
- SIGHTS AND INSIGHTS OF OLD MEXICO,—Prof. Frank D. Tubbs, Bates College.

The following new text books have been introduced in the schools :

Biographical Readers.

Buckwalter Readers, 4th and 5th years.

Aldine Readers, primer, 1st and 2nd with charts and manual.

Harmonic 3rd Readers.

Medial Writing Books in all grades.

GENERAL REMARKS OF SCHOOLS.

At the beginning of the spring term, Miss Moore was transferred to the Austin school and Mr. Robert Bradford was hired to teach the Dennett school.

Mr. Bradford taught one term, and was succeeded by Mr. Harvey Knight, who is at present teaching. Mr. Knight is a progressive teacher, well liked, and an excellent disciplinarian.

His work in composition writing and declamation is worthy of especial praise, as these branches are often neglected but important to the pupils if they pursue higher studies.

Miss Gerry has served as assistant during the year, and has had charge of the music.

Miss Evans continued in charge of the Shapleigh school for the spring term, and was succeeded by Miss Ethel Cheney in the fall. This school continues to be run on a graded system as near as is possible, but with so many grades in a room the periods for recitations must be shortened, and consequently progress is slower. This difficulty will however be overcome when the school is transferred to the new building.

At the beginning of the present term, Mrs. Pierce was transferred from the Wentworth intermediate room to this school. She has the work well arranged, has aroused the interest of the pupils, and good progress is being made.

The frequent instances of absence and dismissals have interfered very much with the progress of some of the pupils.

Miss L. Maude Moulton has taught the Fernald school the whole year. The attendance has been small but good work has been done by those attending. There is at present a class of four in the ninth grade who will no doubt enter the Academy in the fall.

At the Wentworth school the same teachers continued in charge during the spring term.

In the grammar school the work done under Miss Farwell's instructions was all that could be desired and it was with regret that her resignation was accepted, at the end of the term. We were fortunate in securing as her successor Miss Georgia Knight a former teacher in town.

Under Miss Knight the work is progressing fine and good order and discipline is maintained.

At the end of the spring term Miss Bicknell resigned from the intermediate room and Mrs. Emily S. Pierce was appointed. Mrs. Pierce is a teacher of long experience and was well fitted to carry on the work which Miss Bicknell has so well carried on for several years.

Mrs. Pierce, finding it impossible to travel so far in the winter, was forced to resign at the end of the fall term and was appointed to the Shapleigh school.

She was succeeded by Miss Frances Glidden who had taught the previous term in the fourth grade at the Mitchell school. Miss Glidden seems to have the work well in hand.

The primary room was somewhat crowded in the spring, there being some fifty-two pupils registered, but through promotion the number has been reduced to about forty-two.

Mrs. Chick continues in charge, and through her efforts and the introduction of new courses we have here an excellent primary course which compares well with similar grades in the city schools.

The need of a man principal at the Mitchell school has been apparent ever since the erection of the new building, and the opportunity to satisfy this need being presented at the beginning of last spring term, Mr. J. W. S. Hodgdon was hired

for the position. Under Mr. Hodgdon good order and discipline have been maintained, and as a result good work has been done.

The intermediate room in this school became so crowded that it was found necessary to separate the fourth grade and employ an assistant. Miss Florence Huff has been in charge of these grades during the year, with Miss Ethel Cottle as assistant in the spring, Miss Frances Glidden in the fall, and Miss Mildred Coes the present term.

Under Miss Huff, the work in these grades has progressed well and the pupils have at all times shown much interest in their work.

In the primary room for the spring term, Miss Bicknell continued in charge, but at the end of the term she resigned to move out of town, and was succeeded by Mrs. Mary A. Baker.

Under both teachers, the work in this room has progressed.

At the Austin, the work under Miss Moore and Miss Frisbee for the spring term was very satisfactory and we were sorry to have Miss Frisbee resign at the end of that term. Miss Enna Gleason of Mexico, Maine, was appointed to succeed Miss Frisbee in the primary room. Miss Gleason has worked hard for the advancement of the pupils and the result shows good progress in all of the grades.

During the fall term, Miss Moore was obliged to leave for a time to care for her mother who was very ill and Miss Jessie Woods was engaged to substitute until Miss Moore's return, or until the close of the term. At the beginning of the spring term, Miss Moore could not return and a substitute was employed until a permanent teacher could be hired.

Miss Katherine Works of Fitchburg, Mass., is now in charge of the school and the work is progressing well; the pupils seem to take much interest in their studies, and good order is maintained.

The work in this school does not progress as fast as in those schools where there are but three grades in a room as less time is allowed for each recitation, and if the work could be arranged to include but eight grades, I think it would be beneficial to the pupils.

At the Safford school, Miss Mitchell has continued in charge during the year. The last two terms the attendance has been small on account of sickness in the district and for other causes, but in spite of these drawbacks the work has progressed and those regular in attendance are doing well.

MUSIC.

Miss Damon has continued in charge of the instruction of music in the schools and has very faithfully and efficiently attended to this branch of education.

For a full account of the work done see Miss Damon's report which follows.

HIGH SCHOOL.

The high school pupils have continued at Traipe Academy under the tuition agreement.

The courses and equipment of that school entitles it to be classed with the best preparatory schools in the state.

With this opportunity for a college preparatory course free, more pupils ought to avail themselves of the chance and go to college if possible.

A detailed account of the work will be found in Principal L'Amoureux's report which follows.

SUNDRIES.

During the present month, the mid-year examinations have been given in all of the schools, and from the results we hope to obtain a better understanding of what the pupils are lacking in and remedy the deficiencies as much as possible by review work.

On Memorial day, the pupils joined with the G. A. R. in the usual exercises. Previous to marching to the cemetery, the

pupils all went on board the U. S. battleship Maine and held short exercises consisting of songs, a salute to the flag and decorating the water.

Plans are now in progress to celebrate Washington's birthday.

We have not been seriously troubled with truants during the year, and when cases have arisen the officer has attended to his duties satisfactorily.

As a hint to parents, I would advise that any complaints against a teacher be well investigated before interfering with the teacher in the performance of her duties, and in no case should a teacher be censured before the pupils. A teacher is always ready to grant an audience to parents, and I think in nearly every case will justify any punishment imposed on a child, but choose some other place than the schoolroom during school hours for such an interview.

Many of the parents have visited the schools during the year, some more than once, and we hope that more may take the time to do so in the future.

CONCLUSION.

In conclusion, I wish to express my appreciation for the support and assistance I have received in the performance of the duties of my office, and I also wish to thank the School Board for their co-operation and assistance, and my predecessor for many valuable suggestions.

In performing the duties incumbent on me, I have always tried to work for the best interests of the schools and the advancement of education, and for mistakes or omissions I ask your consideration.

Respectfully submitted,

ELMER J. BURNHAM.

Report of the Supervisor of Music.

Mr. Elmer J. Burnham, Superintendent of Schools:

The following report is respectfully submitted :

By the promotion of the grammar grades to the Harmonic Third Reader in April the book work became arranged systematically in all the grades.

In connection with the regular note reading and song work, attention has been given to deep breathing, vocal drills and voice quality.

A great deal of the success in music depends upon the regularity and faithfulness of the daily drill.

A volunteer chorus of fifty voices furnished music for the afternoon session of the Teachers' Institute, which was held at Traipe Academy, January 28th.

MILLIE A. DAMON,

Supervisor of Music.

Report of the Principal of Traipe Academy.

Trustees of Robert W. Traipe Academy:

SIRS :—I present herewith my annual report as Principal for the past year.

No very notable changes have been made in our policy or our equipment during the year. Our attendance remains at about the same point as during the previous years and as formerly, covers almost wholly from this town. Our graduating class of ten in June, 1909, was notable for the fact that six of the ten were boys. This unusual proportion also held to some extent in the class entering in September, so that at the opening of the new school year, we had as many boys as girls in the school. Undoubtedly this is in part due to the fact that fewer boys are leaving the school during the course. If this means, as I believe it does, that the school is meeting the needs of the community to a greater extent than formerly, it is very gratifying to all of us.

Changes made during the year 1909 in the state laws relating to secondary schools, have put us on a much better basis than formerly. The secondary schools of the state are now graded according to the work done. Schools in grade A, offer a broader course than those in grade B, and these in turn offer a broader course than those in grade C. State aid varies with the grade. A new official, called the State Inspector of Secondary Schools, visits as many of them as possible and must approve the returns from all of them. Approval is given for one year by the inspector and state superintendent, if returns are satisfactory, and the state aid is determined by this approval. Under this arrangement some modifications were necessary in our course of study, designed to strengthen the college preparatory course. These changes

were made in September, and the school is approved as a grade A school. We are thereby in receipt of double the aid formerly granted through the town.

Additions were made to the equipment of our physical laboratory at the beginning of the fall term which enable us to handle a section of sixteen pupils. Our apparatus is sufficient to provide all the laboratory work required for a one-year course which meets the entrance demands of the college. Next fall we shall need to add to the equipment of our chemical laboratory to make it equally efficient.

Inspector Wheeler spent a day with us during the fall term, and found conditions eminently satisfactory. He has already informed you of his opinion that we need a fourth teacher. This opinion is endorsed by most of our visitors, who are acquainted with educational matters. We are at present barely meeting the requirements of our grade, and if these minimum requirements should be increased, we would be unable to meet them because of lack of time. As matters now stand we must devote a larger proportion of our whole time to the college preparatory course than the number of students in that course warrants. We should do more for those who do not and cannot go to college. We cannot do so with no more teachers than we have, and maintain our standing. I would accordingly advise that the board ask the town to increase by at least \$500 the annual appropriation for the tuition of High School pupils. When the fact is considered that the state is now paying for the support of the school two-thirds as much as the town, and that the income of the institution from its invested funds comes to as much more, it will not seem unreasonable to ask the town to assume a little larger proportion of the expense of maintenance.

The present trend in education is strongly toward industrial courses. The state of Maine offers inducements to schools introducing such courses. I believe that we ought to have a course in Manual Training, and possibly a course in Agriculture. The former course would require special equipment,

the expense of which would not be over \$500. The latter course would require very little new equipment. The state would contribute \$250 to the maintenance of either of these courses, or \$500 if both were introduced. I earnestly hope that some means may be found by which we can introduce one or both of these courses next year. I believe that thereby we would attract additional pupils to the school, and would hold many who now leave before the completion of their course. If we can provide the necessary equipment, the increased appropriation from the town, already suggested, together with the state aid, would provide the necessary teacher, who would have to be a person of special training for this work. I earnestly commend this matter to your attention.

The social life of the school is in a satisfactory condition. While but one parents' reception has been held during the year, this has been because of the numerous other social affairs at the Academy, conducted by the classes. On January 28th, the Southern York County Teachers' Association met with us for a profitable and well attended session. Athletics suffer somewhat because the older boys as so few in numbers, yet successful basket ball teams were maintained by both girls and boys last winter, and a foot ball eleven was organized during the fall. If the large number of boys still remains, I hope for a strong base ball team in the spring.

But one addition has been made to our library during the year. At the last meeting of the K. H. S. Alumni, ten dollars was appropriated for the Academy library. This was used to purchase a dictionary. We would very much appreciate a permanent fund which could be used for regular additions to our school library.

Respectfully submitted,

G. H. D. L'AMOUREUX,

Principal.

TUNE.—“*When They're Bringing in the Corn.*”

At last our course is ended,
And our school days now are through,
We'll never come together here again;
But now as we are parting,
Let us all begin anew,
And strive to make our efforts not in vain.
To those who shall succeed us,
Best wishes rest behind us,
That they in their pursuits may us transcend;
And our motto we'll renew,
As life's pathway we pursue,
We will ever live its precepts to defend.

CHORUS:

Now our days at Traipe are o'er,
They have glided swiftly by,
And we in sorrow linger
As the parting time draws nigh;
Soon our paths will be divided,
Future days our fates will tell,
But now the time is passing
We must say our last farewell.

WALTER B. DONNELL.

Warrant for Town Meeting.

STATE OF MAINE—YORK SS.

*To John A. Grant, a Constable in the Town of Kittery,
in said County. Greeting:*

In the name of the STATE OF MAINE, you are hereby required to notify and warn the inhabitants of the said town of Kittery, qualified by law to vote in town affairs, to assemble at Wentworth Hall, so called, in said town, on the fourteenth day of March, at nine o'clock in the forenoon, to act on the following articles, to wit:

First.—To choose a Moderator to preside at said meeting.

Second.—To choose a Town Clerk, Selectmen, Assessors, Overseers of the Poor, Treasurer, School Committee, Town Agent, Collector, Auditor, Truant Officer, Road Commissioners, Constables, and all the necessary town officers for the year ensuing.

Third.—To see what sum of money the town will vote to raise for contingent purposes.

Fourth.—To see what sum of money the town will vote to raise for common schools.

Fifth.—To see what sum of money the town will vote to raise for a free High School.

Sixth.—To see if the town will authorize its Superintending School Committee to contract with and pay an amount not exceeding the amount raised for the maintenance of the free High school, to the trustees of the Robert W. Traipe Academy, for the tuition of its scholars, in accordance with section 62 of chapter 15 of the Revised Statutes of the State of Maine.

Seventh.—To see what sum of money the town will vote for roads and bridges.

Eighth.—To see what sum of money the town will vote for the maintenance of school property.

Ninth.—To see what sum of money the town will vote for text books.

Tenth.—To see what sum of money the town will vote to clear its roads when blocked with snow.

Eleventh.—To see what sum of money the town will vote for support of its poor.

Twelfth.—To see what sum of money the town will vote towards paying its debt.

Thirteenth.—To see what sum of money the town will vote to pay interest on its debt.

Fourteenth.—To see what sum of money the town will vote for Memorial day.

Fifteenth.—To see what sum of money the town will vote for the rent of hydrants and fire department.

Sixteenth.—To see if the town will vote "yes" or "no" upon the adoption of the provisions of chapter

112 of the Public Laws of Maine, for the year 1907, as amended by chapter 69, Public Laws of 1909, relating to the appropriation of money necessary to entitle the town to state aid for highways for the year 1910.

Seventeenth.—To see if the town will raise and appropriate in addition to the amounts regularly raised and appropriated for the care of ways, highways and bridges, the sum of \$450, being the maximum amount which the town is allowed to raise under the provisions of chapter 112, of the Public Laws of Maine, for the year 1907, as amended by chapter 69, Public Laws of 1909.

Eighteenth.—To see what sum of money the town will vote for night watchman.

Nineteenth.—To see if the town will instruct the Treasurer to hire money to meet its bills when necessary.

Twentieth.—To see what salaries the town will pay its officers.

Twenty-First.—To see what sum the town will vote to pay for labor on its roads.

Twenty-Second.—To see if the town will raise money for repairs on Kittery and Eliot and Gerrish island bridges.

Twenty-Third.—To see if the town will raise \$300 for work on Moulton's hill, and \$300 for work on Wilson's hill.

Twenty-Fourth.—To see if the town will take any action in regard to repairs on Philbrick avenue and raise money for the same.

Twenty-Fifth.—To see if the town will raise a sum of money to finish road from Woodlawn avenue to Whipple road.

Twenty-Sixth.—To see if the town will raise the sum of \$397.45 for land damage for land taken for road from Woodlawn avenue to Whipple road.

Twenty-Seventh.—To see if the town will raise a sum of money to clear its trees of moth nests.

Twenty-Eighth.—To see if the town will vote to accept and hold in trust, the sum of one hundred (\$100) dollars, from Samuel Taylor, and use the income from the same in the care of his cemetery lot in Orchard Grove cemetery, as provided for in chapter 328 of the private and special laws of 1905.

Twenty-Ninth.—To see if the town will accept the list of jurors as revised.

Thirtieth.—To pass any other vote or votes that may legally come before said meeting.

The Selectmen give notice that they will be in session for the purpose of revising and correcting the lists of voters, at the residence of James R. Philbrick, on the 10th and 11th of March, at six o'clock, P. M.; also at the store of C. M. Prince, on the 12th day of March, at twelve o'clock, M.

Given under our hands at Kittery, this twenty-first day of February, A. D., 1910,

JAMES R. PHILBRICK,
FRANKLIN HALEY,
J. C. CUTTS,

Selectmen of Kittery.
